DEAR EDITOR:
I am writing this letter in concern for my full support to re-elect Vincent Schroeder as Putnam County Commissioner. Not everyone always agrees with Commissioner Schroeder and I respect that belief.
I remember when Commissioner Schroeder first ran for office and I asked him what were his top priorities in life. He answered God, family and country. Commissioner Schroeder is pro-life and believes the holy sacrament of matrimony is between a man and a woman. He is also a strong supporter of the Second Amendment which is the right to keep and bear arms. He demonstrates this since he is a proud member of the National Rifle Association.
I also believe Commissioner Schroeder has his priorities in order for Putnam County. He first became commissioner in January 2005 and Putnam County's budgeted expenses today in 2012 are lower than when he took office. He has paid all long-term debt off which was scheduled as late as 2031.
I believe since I have known Commissioner Schroeder, he had shown a high standard in morals and ethics. He will work hard and respectfully earn your vote and not buy it. He will tell you that he does not have all the answers. I appreciate that since the only person always accurate with his decisions could walk on water 2,000 years ago.
Join me on Nov. 6 and vote for Schroeder for Putnam County commissioner.

Charlie Kiene
